

## **Safeguarding Plan for Clergy when statutory investigations have concluded and concerns remain**

### **This agreement is between:**

The Right Reverend ..... Bishop of .....

And

Title and name of priest.....

### **Introduction**

Investigations into allegations made against you have concluded that you potentially pose a risk to children/young people/adults at risk which needs to be managed. This Safeguarding Plan identifies any restrictions that need to be in place, as well as the different levels of support you need.

Where the allegation is shown to have been false, malicious or unsubstantiated and innocence has been clearly established, there should be no requirement to use a Safeguarding Plan.

It is expected that this agreement is entered into in an honest manner by all parties and the support available is utilised in an active way.

In asking you to sign and adhere to this Safeguarding Plan, the Archdiocese/Diocese does not imply a presumption of guilt on your part.

### **The purpose of the Safeguarding Plan is to:**

- Minimise potential risks to and protect the interests of alleged victims and their families
- Ensure that any potential risks to the person concerned or others which are identified by statutory agencies or other processes, are managed
- Ensure that any conditions imposed by statutory agencies are managed within the Church
- Reduce the potential for further concerns or allegations to arise
- If relevant and necessary, determine what aspects of ministry you will be required to withdraw from
- Identify practical and emotional support for you
- Identify and agree the roles and responsibilities of identified personnel from within the Church and other involved external agencies

It is recognised that not all of the above will apply in every situation.

### **Terms of the Safeguarding Plan**

The specific areas of risk to others that are to be considered when addressing the following areas will have been identified using the Risk Identification Framework (Appendix 1).
